STORY

Learn, study, grow

Founded in 1994, IDC (Interdisciplinary Center) Herzliya is one of Israel's most forward thinking and successful international educational institutions, and in 2014 it was ranked as the most successful academic start-up institution in Israel.

GOAL

Fresh learning, new students

IDC Herzliya wanted to raise awareness of the institute's position as Israel's leading educational establishment. More specifically, IDC wanted to promote its various Undergraduate Programs.

SOLUTION

Inspiration for a new direction

IDC Herzliya worked with Fialkov Digital agency and Instagram to create a series of rich, inspiring link ads that would appeal to Instagram's young and aspirational audience.

IDC Herzliya used Facebook targeting to reach out to a young, engaged audience. The creative used are actual pictures of the institute and showcase the social life and diversity that prospective students can expect to find, including an American college style graduation and a large number of foreign students.

“

Instagram ads provide us with new tools for reaching our goals, they appeal to a young and relevant audience and enable us to use innovative and well-designed creative, and provide excellent results for our customers.
